

compact **durable** design

proven scale technology

pediatric scales

Our digital and mechanical baby scales make weighing babies of all sizes safe, quick and accurate.

laundry scales

This scale offers a large 22 x 42 inch weighing platform for general purpose weighing up to 600lbs (270 kg). A low profile non-skid surface enhances the versatility of this device, making it perfect for weighing the broadest range of capacities and sizes.

Rice Lake sets a high standard in medical weighing equipment. The combination of efficiency, safety and scale features with the added value of more than 60 years of weighing technology leadership makes the critical difference. Now hospitals, clinics and health clubs can have proven scale technology—plus Rice Lake's legendary service and support.

THE **UNIQUE** ADVANTAGE

of Rice Lake medical scales is that each model comes with added value: Rice Lake's legendary service and support. Hospitals, clinics, care centers, health and sports clubs need high-quality, feature-rich, accurate and dependable medical scales.

The Rice Lake medical scale lineup includes physician, wheelchair, chair, bariatric, dialysis, dietary and pediatric scales.

wheelchair scales

Our wheelchair scale selection features larger platforms for safe weighing of a wide variety of patients. Models include single and dual ramps with optional seat available. 1000lb (450kg) capacity. In-floor version also available.

home health scales

Attractive exterior design covers robust, precision scale technology to accurately monitor and maintain healthy weight at home. Professional digital and mechanical models.

bariatric scales

The safety and comfort of bariatric patients requires the most durable scale with added support. Rely on Rice Lake technology for proven performance. 1000lb (450kg) capacity. Available with optional seat.

chair scales

Chair scales fit in smaller spaces and are ideal for accurately weighing patients who are easily transferred from a bed or wheelchair. Digital models with up to 660lb (300kg) capacity. Mechanical models up to 440lbs (200kg).

physician scales

The classic physician scale is updated. Sleek design means easy-to-clean. Floor and eye-level digital models available with 550lb (250kg) capacity. Mechanical models with 440lb (200kg) capacity.
